It is with pride that we send you this 1962-63 Wholesale Catalog and Descriptive List. This new version of our catalog is designed with you, our customer, in mind, and it is our sincere hope that this catalog will be of help to you in the coming year.

BLUE CHIP QUALITY

All Oki Nursery plant materials are grown with the greatest of care and are not shipped unless they meet our Blue Chip Quality standards. Each and every plant is carefully pruned, watered, and fertilized; and then must pass a triple inspection before it is shipped.

SCIENTIFICALLY GROWN PLANTS

We employ the U. C. System of growing, thus, assuring our customers that the plants received are the finest available. Our staff of nursery experts along with the finest technical services available insure you, our customer, the quality you deserve.

DELIVERY SERVICE

Oki Nursery has its own complete shipping department. With a \$35.00 minimum order, our own trucks deliver to the following areas free of charge on our regular deliveries: Sacramento Valley, San Francisco Bay Area, Santa Clara Valley, Monterey Bay Area, Santa Rosa-Marín County Area, and San Joaquin Valley north of Visalia.

TERMS

Our regular terms are cash; however, credit arrangements will be arranged with established concerns.

1. Our books are closed on the last day of each month
2. Two percent cash discount allowed if invoice is paid by the 10th following billing
3. All invoices are net 30 days
4. Service charge of 1% per month on past due accounts.

QUANTITY DISCOUNTS

1000 Plants	10%
500 Plants	5%

These discounts apply if the following requirements are met:

1. All plants must be of one variety.
2. All plants must be of one container size.
3. All plants must be shipped at one time.

MAILING LIST

If you are not currently receiving our Monthly Special List, please contact the office of Oki Nursery. We will be most happy to put you on this mailing list.

CONDITIONS

This price list cancels all previous price lists and catalogs and is for **Wholesale Trade Only**. All orders are accepted subject to stock availability. Oki Nursery has used the greatest care possible in assembling the descriptions contained in this catalog, but will not be held responsible for any incorrect information. We exercise every precaution to have all plants true to name. Nevertheless, it is understood that should a plant prove otherwise, we will not be held liable for any sum greater than the original purchase price.

CLAIMS

Any claims for shortage or demands for adjustments must be made within five days after the arrival of shipment.

PINTO TAG

In compliance with rigid plant pest inspection requirements of the California Department of Agriculture, Oki Nursery is authorized to use Official Intercounty Nursery Stock Certificates permitting shipments to other counties without destination inspection except Tulare and Ventura counties.

MINIMUM QUANTITIES

On all orders, please observe the minimum quantities of each item ordered:

- 10 in One-gallon,
- 5 in Five-gallon.

Quantities less than minimum, add 25¢ each for each one-gallon and 50¢ each for each five-gallon.

The letter after each plant name indicates the method of propagation for that plant.

C - Cutting Grown
S - Seed

G - Graft or Bud
D - Division

Please feel free to visit our nursery any time you find it convenient. We are open 8:00 a.m. to 5:00 p.m., Monday through Friday, and 8:00 a.m. to Noon on Saturdays. Closed all day Saturday, July and August. Consult the map on inside back cover for location.

	1 Gal.	5 Gal.
ABELIA gaucheri – Edward Gaucher Abelia C	.60	2.25
Compact hybrid shrub with small, lavender-pink flowers, June to October.		
ABELIA grandiflora – Glossy Abelia C	.60	2.25
Vigorous growing shrub of medium size with small white tubular flowers, July to October.		
ABUTILON speciosum – Flowering Maple, red, yellow, variegated C	.60	
Upright shrub of medium growth with drooping, bell shaped flowers, blooming spring through summer.		
ACACIA baileyana – Bailey Acacia S	.65	2.75
Small evergreen tree with feathery blue-grey leaves. Yellow flowers in January and February.		
ACACIA baileyana purpurea – Purple Bailey Acacia S ..	1.00	3.50
Same growth habit as A. baileyana with purple tinged foliage.		
ACACIA decurrens dealbata – Silver Wattle S	.65	2.75
Medium sized evergreen tree with feathery silver-grey foliage. Yellow flowers in February and March.		
ACACIA latifolia – Broadleaf Acacia S	.60	2.25
Large evergreen shrub with long, narrow leaves. Yellow flowers in loose spikes in spring.		
Standard – 5 Gallon 2.75		
ACACIA melanoxylon – Blackwood Acacia S	.65	2.75
Medium sized evergreen tree with dark green leaves. Drought resistant. Ball shaped yellow flowers in spring.		
ACANTHUS mollis – Bears Breech S	.60	2.25
Perennial with large green lobed leaves. Large white flowers in spikes during spring.		
ACANTHUS mollis – Oak Leaf Bears Breech D	.65	2.50
Has the same characteristics as Acanthus mollis except the leaves resemble a large oak leaf.		
ACER dasycarpum – Silver Maple S		2.50
A fast growing deciduous shade tree with leaves light green above and silvery beneath turning yellow in the fall.		
ACER negundo variegatum – Silver Variegated Box Elder G		3.00
Very striking deciduous small tree of light green leaves with white variegation.		
ACER palmatum – Japanese Maple – S	.65	2.50
Small, many branched deciduous tree with delicate green leaves turning a bright red in fall.		
5 Gallon Standard – 3.00		
ACER palmatum atropurpureum – Red Japanese Maple G ..	2.00	4.50
Same habit as A. palmatum except leaves are red. Deciduous.		

OKI NURSERY.....		Sacramento, California	
		1 Gal.	5 Gal.
ACER palmatum atropurpureum – Ashi Beni –			
Japanese Maple G		2.00	4.50
A selected variety chosen for its outstanding blood red lobed leaves.			
ACER palmatum dissectum atropurpureum – Laceleaf			
Japanese Red Maple G		2.50	5.00
Artistic gracefully weeping branches with deep red laceleaf foliage. Excellent for tubbing or for rock gardens.			
ACER platanoides – Norway Maple S			2.75
Handsome medium sized deciduous tree with dense foliage. Excellent in large gardens.			
ACER platanoides – Faasen's Black G			3.50
Large, slow growing, deciduous tree with leaves a very deep red.			
ACER truncatum S		.65	2.75
Small ornamental deciduous tree to 25 feet. Leaves are deeply lobed, bronzed tinted when young, and maturing to green.			
AGAPANTHUS africanus – Blue Lily of the Nile S		.60	2.25
Popular tuberous perennial with strap-like leaves. Flowers profusely in late spring and early summer with blue flowers borne on tall stalks.			
AGAPANTHUS africanus albidus – White Lily of the Nile S		.60	2.25
Same habit as A. africanus except flowers are pure white.			
AGAPANTHUS africanus – Peter Pan D		.80	
Dwarf form of Agapanthus. Miniature flower clusters of deep blue – 8 to 10 inches in height.			
AGAVE attenuata S		.80	2.75
Showy succulent with large grey-green leaves in rosette form. Flowers are greenish yellow in spikes to 10 feet.			
ALBIZZIA julibrissin – Silk Tree S		.65	2.50
Striking, hardy deciduous tree of medium height with fern-like leaves. Fluffy pink flowers resembling powder puffs during summer months.			
ALNUS rhombifolia – White Alder S		.65	2.50
Fast growing tall tree with spreading or ascending branches which are pendulous at the ends. Good in moist areas. Deciduous.			
ALNUS cordata – Italian Alder S		.65	2.50
Tall, fast growing deciduous tree. Leaves are heart shaped and small cones hang on throughout the year.			
ALSOPHILA australis – Australian Tree Fern S		1.00	3.75
Graceful fast growing tree fern with up-curling fronds growing from a brown fibrous trunk. Part shade.			
ALTHEA rosea – Rose of Sharon – Rose Pink S		.65	2.50
Showy upright shrub of medium height with double rose flowers. Deciduous, thrives in extreme climates.			

ARAUCARIA excelsa – Norfolk Island Pine S 1.50 5.00

Large decorative evergreen tree with light green sharply pointed leaves growing from drooping horizontal branchlets.

ARAUCARIA imbricata – Monkey Puzzle Tree S 1.50 5.00

Hardy, striking tree of pyramidal habit with branches at first horizontal and curving upward. Leaves are scale like, dark green, and persisting even on the trunk.

ARALIA elegantissima (dizygotheca elegantissima) S 1.25 4.00

Unusual evergreen shrub with long, narrow, serrated leaves of a dull green color.

ARALIA papyrifera (Tetrapanax) – Rice Paper Plant S. .65 2.50

Interesting evergreen shrub with huge, dark grey-green leaves and large white flowers.

ARALIA seiboldi (Fatsia japonica) S55 2.00

Popular, lush growing evergreen shrub with large, deeply lobed, glossy leaves of deep green color. White flowers in clusters.

ARBUTUS unedo – Strawberry Tree S65 2.50

Large shrub or small tree of slow growth habit. Leaves are dark green with red stems. Urn shaped greenish white flowers and red fruit resembling strawberries appear in fall and winter.

ASPARAGUS sprengeri – Asparagus Fern S65

Shade loving fern with long arching branches and fluffy green foliage.

AUCUBA japonica – Green Leaf Aucuba C75 2.75

Medium height evergreen shrub with large dark green leaves. Takes full shade.

AUCUBA japonica crotonifolia C75 2.75

Variety of Aucuba japonica with gold and green leaves.

AMPELOPSIS (Parthenocissus) quinquefolia – .65

Virginia Creeper S

Deciduous creeping vine with leaves made up of separate saw-toothed edge leaflets. Side shoots droop, making it a good vine for trellises.

AMPELOPSIS (Parthenocissus) veitchii – Boston Ivy C .65

Deciduous, hardy vine with small young leaves a bright purple. Easily trained into patterns.

ANANUS comosus – Hawaiian Pineapple D75 3.50

Exciting tropical plant grown commercially in Hawaii, with long stiff green leaves in rosettes and edible fruits when mature.

ARAUCARIA bidwillii – Bunya Bunya Tree S 1.50 5.00

Very handsome tree with light green leaves that are oval at the base and pointed on the ends. Leaves are also very thick and shiny. Good species for pots.

AUCUBA japonica variegated – Female –**Gold Dust Plant C**65 2.50

Compact evergreen shrub with same habit as *A. japonica* except leaves are spotted with gold. Red berries from October to February, but must be planted near male plant to insure berries.

AUCUBA japonica variegated – Male –**Gold Dust Plant C**75 2.75

A male form of *Aucuba japonica* variegated which is used as a pollinator.

BAMBOO Phyllostachys aurea – Golden Bamboo D 1.50 4.50

Widely grown running type bamboo which grows to a height of about 15 feet. Drought resistant when established.

BAMBOO Phyllostachys nigra – Black Bamboo D 2.00 7.50

Running type bamboo with same habit as golden except culms gradually turn black. Best in partial shade.

BAMBOO Sasa pygmaea – Dwarf Bamboo D75 3.00

One of the smallest bamboos, good as a ground cover in filtered shade or where sun is hot.

BAMBOO Sasa pygmaea variegated D75 3.00

Same habit as dwarf bamboo, only leaves are green with white edges.

BAUHINIA corniculata – White Orchid Tree S 3.75

Exciting small tree with green leaves resembling butterflies. Orchid like white flowers in spring.

BAUHINIA purpurea – Orchid Tree S 2.75

Interesting evergreen tree with purple orchid-like flowers in spring.

BELOPERONE guttata (Tomentosa) – Shrimp Plant C65

Small herbaceous plant with soft green leaves, known for its flowers which are white, spotted with purple and enclosed in coppery-bronze bracts which resemble shrimp.

BERBERIS darwini – Darwin Barberry C80 2.75

Showy evergreen shrub with fountain-like growth to medium height. Leaves are crisp green and shaped like small holly leaves. Clusters of yellow flowers in spring followed by blue berries through summer.

BERBERIS thunbergii atropurpurea – Red Leaf Japanese Barberry S60 2.25

Small, interesting deciduous shrub with dark red leaves and small yellow flowers.

BERBERIS verruculosa – Warty Barberry C85

Very neat evergreen shrub with perky dark green leaves which are white underneath. Splashes of red leaves appear during fall and winter.

	1 Gal.	5 Gal.
BETULA alba – White Birch S	.65	2.50
Lacy deciduous tree of medium height with upright branching and weeping side branches. Best known for its white bark and golden yellow leaves in the fall.		
BETULA alba – Clump – Multiple Stem White Birch S ..	.75	3.50
Same habit as white birch except two or more trunks grow from base of tree.		
BETULA laciniata – Cut leaf White Birch G		3.50
Leaves are deeply cut and both the branches and side shoots are weeping. Picturesque white bark makes this tree an outstanding ornamental tree.		
BIGNONIA chamberlaynii – Yellow Trumpet Vine C	.70	2.75
Fast growing deciduous vine with leaf made up of 2 oval glossy green leaflets. Large yellow trumpets are borne in early spring.		
BIGNONIA cherere – Blood Red Trumpet Vine C	.85	2.75
Evergreen vine which takes full sun. Leaflets a little longer than Bignonia violacea. Clusters of trumpet shaped flowers from yellow to rose red during warm months.		
BIGNONIA violacea – Violet Trumpet Vine C	.70	2.75
Semi-evergreen vine which grows in sun or part shade. Same type leaf as yellow trumpet vine, but trumpet shaped flowers are lavender blooming in April thru July.		
BOUGANVILLEA Barbara Karst C	.65	2.50
Masses of brilliant red flower bracts during most of the year.		
BOUGANVILLEA Betty Hendry C	.65	2.50
Tints of red, purple, and yellow combined makes this bouganvillea a shower of colors during the summer months.		
BOUGANVILLEA braziliensis C	.65	2.50
Beautiful purple flower bracts in clusters during most of the year.		
BOUGANVILLEA Orange King C	.65	2.50
Attractive green leaves with bronze-orange flower bracts during summer.		
BOUGANVILLEA San Diego Red C	.65	2.50
Bracts of brilliant red during warm months.		
BOUGANVILLEA Sunset C	.65	2.50
Orange tinted pink flowers during warm months.		
BOUGANVILLEA Temple Fire – Red Bush Bouganvillea C	.65	2.50
Good bush type plant with red flower bracts during summer.		
BRUNFELSIA floribunda – Yesterday–Today–Tomorrow S ..	.65	2.25
Small semi-evergreen shrub with bronze leaves turning to green in summer. Common name from fact that flower changes from purple to lavender to white in a three day period.		

1 Gal. 5 Gal.

BUXUS harlandi - Korean Boxwood C65 2.50

Low growing, compact shrub of dense growth with habit like Japanese Boxwood except leaves are narrower and dark green. Good in warmer climate.

BUXUS japonica - Japanese Boxwood C55 2.00

Compact, slow to medium growing shrub of medium height with oval light green leaves.

5 Gallon Trimmed - 2.75

BUXUS sempervirens - English Boxwood C75

Slow growing large shrub with dense branching and lusterous green leaves.

BUXUS sempervirens variegated C 1.00

Same habit as English boxwood except leaves are green and yellow or white.

CALLIANDRA guildingii (tweedii) -

Brazilian Flame Bush C80 2.50

Striking shrub of medium height with lacy fern like leaves. Greenish-white flowers with long brilliant crimson stamens during early spring through fall.

CALLISTEMON lanceolatus - Lemon Bottle Brush C60 2.25

Popular large shrub with stiff long and narrow leaves which are red when young. Brilliant red brush-like flowers appear in spring and fall.

5 Gallon Standard - 3.50

Espalier - 5.00

CALLISTEMON viminalis - Weeping Bottle Brush C65 2.50

Large shrub with long, soft, light green leaves growing from pendulous branches. Bright red bottle-brush flowers from May to July.

5 Gallon Standard - 3.50

CAMELLIA japonica C 1.00 3.50

Ask for information on varieties.

up up

CAMELLIA sasanqua C 1.00 3.50

Ask for information on varieties.

up up

CAMPHORA officinalis (cinnamomum) - Camphor Tree S65 2.75

Evergreen tree of medium height and spreading habit. Light green foliage forms compact oval crown. Dense shade tree.

CARISSA grandiflora - Natal Plum C65 2.50

Medium height rounding shrub of loose habit with oval leaves. White flowers throughout year with edible fruit following.

CARISSA tuttlei - Dwarf Natal Plum C65 2.50

Dwarf form of Carissa with small compact leaves. White flowers followed by red fruit.

CASUARINA cunninghamiana - Cunningham Beefwood S65 2.50

Rapid growing large tree with narrow upright branches and long needle-like branchlets.

	1 Gal.	5 Gal.
CATALPA speciosa S		2.50
Striking deciduous large tree with huge heart-shaped leaves and clusters of white flowers in early spring.		
CEANOTHUS gloriosus - Point Reyes Ceanothus C	.65	
Low growing native with spread to 5 feet. Leathery, roundish, dark green leaves with sharply serrated margins set off lavender blue flowers during spring.		
CEANOTHUS griseus horizontalis - Carmel Creeper C	.65	
Low, creeping native with 5-15 feet spread. Round, glossy, deep green leaves are silvery underneath. Blue flowers in clusters during March through May.		
CEDRUS atlantica - Atlas Cedar S	.85	3.50
Large conifer with twisted branches and covered with clusters of short blue-green needles.		
CEDRUS atlantica argentea S	.85	
Same habit as C. atlantica except needles are silver tipped.		
CEDRUS atlantica glauca - Blue Atlas Cedar G	1.50	4.50
More spreading and open than C. Atlantica, with blue-grey needles.		
CEDRUS deodara - Deodar Cedar S	.65	2.75
Fast growing, large conifer with soft texture and gracefully sweeping branches.		
CEDRUS libani - Cedar of Lebanon S	.85	3.50
Majestic, slow growing, large conifer with variable growth habit. Pyramidal shape when young, spreading with age. Horizontal branches spread wider than tree height.		
CELTIS occidentalis - Common Hackberry S		2.75
Deciduous tree of medium height with elm-like growth habit and leaf. Excellent shade or street tree. Hardy.		
CELTIS sinensis - Chinese Hackberry S	.65	2.75
Handsome deciduous tree to 60 feet with shiny elm-like leaves. Spreading.		
CENTAUREA cineraria - Dusty Miller S	.50	
Compact, low growing perennial with white foliage in basal clump. Pin cushion like yellow flowers on long stems during summers.		
CERATONIA siliqua - Carob Tree - St. Johns Bread S	.70	2.75
Handsome, slow growing evergreen tree of medium height with leaves made up of 4-6 round, shiny, dark green leaflets.		
CERCIS canadensis - Eastern Red Bud S	.75	2.75
Small deciduous tree with rounded head. Leaves are light green and heart-shaped. Sweet pea shaped rose flowers in early spring on bare branches.		

1 Gal. 5 Gal.

CESTRUM parqui – Night Scented Jasmine C	.60	
Fast growing shrub of medium height with greenish-white flowers which are very fragrant at night.		
CHAMAECYPARIS lawsoniana allumii – Blue Lawson Cypress C	.75	2.75
Popular, compact, narrow, pyramidal shape with new foliage a metallic-blue. Good as a small tree or informal hedges.		
CHAMAECYPARIS lawsoniana ellwoodii – Ellwood Cypress C	.75	2.75
Medium to large sized formal shrub with dense, compact, lacy, silver-blue foliage.		
Graft 5 Gallon – 3.00		
CHAMAECYPARIS lawsoniana nestoides – Birds Nest Cypress C	.75	2.75
Small, wide spreading shrub with heavy textured green foliage.		
CHAMAECYPARIS lawsoniana wisselii C	.85	
Striking small tree with twisted dark green foliage splashed with blue.		
CHAMAECYPARIS obtusa – Hinoki False Cypress C	1.50	3.75
Pyramidal shaped tree of medium height, although it can be treated as a dwarf due to its slow growth habit.		
CHAMAECYPARIS obtusa aurea – Golden Hinoki Cypress C	1.50	3.75
Slow growing tree of medium height with yellow foliage turning to dark green as it matures.		
CHAMAECYPARIS obtusa nana – Dwarf Hinoki Cypress C	1.50	3.75
Upright dwarf shrub with dark green foliage growing in layers.		
CHAMAECYPARIS pisifera cyano viridis C	.65	2.75
Dwarf evergreen with silvery blue plume-like foliage.		
CHAMAECYPARIS pisifera filifera – Thread Cypress C	.75	
Medium sized shrub with weeping branches and dark green, thread-like foliage.		
CHAMAEROPS excelsa (Trachycarpus) – Windmill Palm S	.80	3.25
Neat, compact palm of medium height with fan shaped leaves on slender stems. Trunk covered by matting of fibrous “hair”.		
CHAMAEROPS humilus S	1.25	3.75
Medium height palm with rich green leaves. Several stalky trunks grow from common base. Slow grower.		
CHOISYA ternata – Mexican Orange C	.75	2.75
Dense evergreen shrub of medium height with yellow-green leaves made up of three leaflets. White flowers, resembling orange blossoms bloom in clusters from early spring through May.		

1 Gal. 5 Gal.

CISTUS corbariensis – White Rock-Rose C	.55	
Hardy, small evergreen shrub with dull green leaves. Large, single white flowers during warm months.		
CISTUS ladaniferus maculatus – Browneyed Rock-Rose C	.65	2.50
Low spreading evergreen shrub with grey-green foliage above and white beneath. White flowers with brown spot at base, blooms during warm months.		
CISTUS purpureus – Orchid Rock-Rose C	.65	2.50
Compact grower with dark blue-green foliage. Rose purple flowers with red spot at base of each petal during warm months.		
CITRUS – Meyer Lemon C	.60	2.25
Popular bush with delightful sweet flavored lemons - all year around. Good for hot spots.		
Espalier – 5.00		
5 Gallon Standard – 3.75		
CITRUS – Rangpur Lime C	.60	2.25
Bushy shrub with rich green foliage. Orange colored limes are produced in quantity at Christmas time.		
Espalier – 5.00		
CITRUS – Dwarf Algerian Tangerine G	1.50	3.75
Excellent, sweet orange fruit, producing in November through January.		
CITRUS – Dwarf Bears Seedless Lime G	1.50	3.75
True Tahitian lime with fruit larger than Mexican lime, year round fruit.		
CITRUS – Dwarf Eureka Lemon G	1.50	3.75
One of the most popular prolific producers of lemon the year around.		
CITRUS – Dwarf Eutis Limequat G	1.50	3.75
Cross between a Kumquat and a Lime. Fruit is sweet like a Kumquat, with juice having aroma and taste like lime.		
CITRUS – Dwarf Dancy Tangerine G	1.50	3.75
Best known mandarin fruit; deep orange color and can be peeled with ease. Ripens in January.		
CITRUS – Dwarf Kara Mandarin G	1.50	3.75
Hybrid with yellow-orange, loose skin and juicy, tender flesh. Ripens March to June.		
CITRUS – Dwarf Kinnow Mandarin G	1.50	3.75
Rounding tree with yellow-orange, thin skinned fruit having rich flavor and aroma. Fruits in early spring.		
CITRUS – Dwarf Marsh Seedless Grapefruit G	1.50	3.75
Favorite variety with large, yellow fruit about 18 months after bloom.		

1 Gal. 5 Gal.

CITRUS – Dwarf Nagami Kumquat G 1.50 3.75

Good, warm weather producer, with olive sized and shaped orange fruit. Ripens in late spring.

CITRUS – Dwarf Pearl Tangelo G 1.50 3.75

Hybrid between imperial grapefruit and willow leaf tangerine, yellow skinned fruit December to April.

CITRUS – Dwarf Rangpur Lime G 1.50 3.75

Actually a sour mandarin with dwarf orange colored fruit at Christmas.

CITRUS – Dwarf Robertson Navel Orange G 1.50 3.75

Earlier bearer than Washington Navel by 10 days with fruit similar.

CITRUS – Dwarf Ruby Blood Orange G 1.50 3.75

Sport of Marsh Seedless with pink flesh.

CITRUS – Dwarf Satsuma Tangerine G 1.50 3.75

Small tree with cold resistance. Fruit is orange colored and peels easily. Produces in November and December.

CITRUS – Dwarf Shaddock (Chinese Grapefruit) G 1.50 3.75

Upright tree with large, very sweet fruit and low in acid.

CITRUS – Dwarf Valencia Orange G 1.50 3.75

Best known for its tantalizing yellow-orange fruit, slightly smaller than navel, which sweetens at it ages on tree. Ripens in summer.

CITRUS – Dwarf Washington Navel Orange G 1.50 3.75

Most popular orange with large bright orange delicious fruit which ripens in winter.

CLEMATIS armandii – Evergreen Clematis C 1.75 3.75

Highly valued evergreen vine with long, glossy, dark green leaves arching downward. Beautiful white star-like flowers in clusters during early spring.

CLEMATIS armandii – Hendersoni Rubra (P.P. 1878) C .. 2.00 4.50

New hybrid with deep reddish purple buds changing to a medium pink and gradually becoming flesh pink.

Clematis – deciduous C 1.00 3.75

Popular garden plant, prized for their handsome, showy flowers. They are vigorous climbing vines with dark green ovate leaves.

Henryi – large white flowers

Jackmani – large purple flowers

Mme. Ed. Andre – deep crimson flowers

Nelly Moser – light pink flowers with red bars

Ramona – sky blue flowers

The President – deep lavender blue

COCCULUS laurifolius – Laurel Leaf Snail Seed C70 2.50

Graceful, large, evergreen shrub with slow growth habit. Spreading, arching green branches with glossy green leathery leaves.

1 Gal. 5 Gal.

COCOS plumosa – Queen Palm S 1.25 4.00

Moderate growing palm of medium height. Arching leaves form a narrow crown with a distinct bend near the middle of frond.

CONVOYULUS cneorum – Bush Morning Glory C65

Sun loving, small evergreen shrub with rapid growing habit. Foliage is a silvery-grey and smooth, with pinkish white flowers May to September.

CONVOYULUS mauritanicus – Ground Morning Glory C65

Prostrate perennial with grey-green foliage and lavender-blue, funnel shaped flowers from June to November.

COPROSMA baueri – Mirror Plant C S65 2.50

A fast growing, bright green shrub with nearly round very glossy leaves. Thrives in cool coastal climates or in shade in interior valleys.

CORDYLINE australis – Dracaena Palm S55 2.00

Small palm like tree with stiff sword-like leaves, fragrant yucca-like flowers.

CORDYLINE australis rubra – Red Dracaena S85 3.00

Same growth habit as *C. australis*, only with red leaves.

CORREA magnifica C75

Small upright evergreen shrub with dense grey-green foliage and chartreuse tubular flowers.

CORREA pulchella – Australian Fuchsia C75

Small spreading evergreen shrub with grey-green leaves. Bell shaped light pink flowers bloom profusely November to April.

CORTADERIA selloana – Pampass Grass S60 2.25

Giant evergreen ornamental grass of rapid growth, with coarse green serrated leaves. Plume-like white flowers in late summer.

CORTADERIA selloana rosea D75 2.75

Habit same as *C. selloana*, only with buff-pink flowers.

COTONEASTER apiculata – Cranberry Cotoneaster C65 2.25

Deciduous spreading shrub of medium height with small green leaves and bright red fruit in late fall.

**COTONEASTER conspicua decora –
Necklace Cotoneaster C**65 2.25

Same growth habit as *C. horizontalis* except taller – white flowers followed by red fruit.

COTONEASTER franchetti S65 2.25

Upright densely branched shrub with leaves dull green above and white beneath. Small pink flowers followed by orange-red berries September to October.

1 Gal. 5 Gal.

COTONEASTER horizontalis – Rock Cotoneaster C65 2.25

Low growing deciduous shrub with branches growing in neat flat fans, horizontal to the ground. Pink flowers followed by scarlet berries which completely cover branches.

**COTONEASTER microphylla –
Rockspray Cotoneaster C**65 2.25

Low growing evergreen shrub of spreading habit with tiny leaves, dark green above, grey below. White flowers followed with rose-red berries.

COTONEASTER pannosa – Silverleaf Cotoneaster C65 2.25

Medium large sized upright shrub with arching branches. Soft silver-grey foliage with clusters of white flowers followed by coral red berries fall and winter.

COTONEASTER pannosa nana – Grey Leaf Cotoneaster C65 2.25

A medium sized evergreen, compact growing shrub with small silver-grey foliage. Produces red berries retained through winter.

COTONEASTER parneyi – Red Clusterberry S65 2.25

Good looking evergreen shrub with graceful arching habit. Leaves are dark green and rather leathery. White flowers are followed by bright red berries October through December.

CRATAEGUS lavallei – Carriere Hawthorn G 3.50

Erect, slightly spreading small tree with dark green apple-like foliage, turning bronze in fall. Large orange-red berries hang on through winter. Deciduous.

**CRATAEGUS oxycantha paulii –
Pauls Double Scarlet Hawthorn G** 3.00

Small deciduous tree with round, dense head. Flattish clusters of red double flowers.

CRATAEGUS phaenopyrum cordata – Washington Thorn G 3.50

Small open deciduous tree of moderate growth. Dull green lobed leaves turn to red in fall. Clusters of small flowers in spring and bright red fruit in fall.

CRINODENDRON dependens – Lily of the Valley Tree S 2.75

Resembles evergreen oak in leaf and appearance. Moderate growing small tree with many small white bell-shaped flowers in June and July followed by cream and flame colored seed pods.

CRYPTOMERIA japonica – Japanese Cryptomeria C85

Interesting large evergreen tree of slow growth habit. Blue-green foliage grows in pyramidal shape. Can be dwarfed for ornamental purposes.

CRYPTOMERIA japonica elegans – Plume Cedar C85

Slow growing small tree of soft texture. Feathery foliage is green in summer and copper in winter.

1 Gal. 5 Gal.

CRYPTOMERIA japonica nana - Dwarf Japanese Cryptomeria C	1.00	
Looks like C. japonica only is dwarf form.		
CUPRESSUS arizonica - Arizona Cypress S	.55	2.25
Pyramidal or broad-headed conifer of medium to large height with short horizontal branches. Foliage is grey-green.		
CUPRESSUS arizonica pyramidalis C	.80	2.50
Resembles C. arizonica except for being very compact and symmetrical.		
CUPRESSUS forbesii - Forbes Cypress S	.55	2.25
Small evergreen bushy tree with slender branches and smooth cherry red bark. The foliage is mint green in color.		
CUPRESSUS macrocarpa - Monterey Cypress S	.55	2.25
Picturesque coniferous tree of medium height with broad spreading head and reddish brown, deeply ridged bark. Foliage is dark green.		
CUPRESSUS sempervirens glauca Italian Blue Cypress C	.70	2.50
Popular narrow columnar tree with tall growth habit. Foliage is blue-green and scale like.		
CYCAS revoluta - Sago Palm S & D	2.75	10.00
False palm with beautiful leaves which are stiff, glossy, and fern like with a stiff midrib.		
CYDONIA japonica (chaenomeles) - Flowering Quince C	.65	2.50
Deciduous, nearly indurctable shrub which is first to blossom in spring.		
Red Coral White		
CYPERUS alternifolius - Umbrella Plant S	.60	2.25
Perennial plant with long reed-like stems and long leaves extending from top of stem to form umbrella-shaped head. Does best in wet situation.		
CYPERUS papyrus - Papyrus Plant S	.60	2.25
Tall perennial of long green stems with tufts of lacy, soft, needle shaped leaves at the crown. Will grow in standing water.		
DAPHNE odora marginata - Pink Daphne C	.75	2.75
Slow growing, neat, evergreen plant of medium height with glossy green leaves with yellow margins. Pink to deep red fragrant flowers with creamy-pink throats Feb-ruary through March. Very fragrant.		
DAPHNE odora alba - C	1.00	3.00
Same habits as D. odora, except flowers are a waxy white, and leaves are solid green.		

DAPHNE cneorum – Rock Daphne C 1.00

Low growing evergreen of spreading habit with small grey-green leaves. Bright rosy-pink flowers in May.

DAUBENTONIA tripettii – Scarlet Wisteria Tree S65 2.50

Fast growing, deciduous, tall shrub or small tree with fern-like leaves. Sweet pea shaped flowers in drooping yellow and orange red clusters spring through summer.

DEUTZIA gracilis – Slender Deutzia C65

Medium sized deciduous shrub with many graceful arching stems. Leaves are narrow and bright green. Clusters of snowy white flowers bloom April to May.

DICKSONIA antarctica – Tasmanian Tree Fern S 1.00 3.75

Hardest of the tree ferns. The fronds are feathery in appearance and are graceful. Prefers shade.

DIOSMA pulchrum – Pink Breath of Heaven C65 2.50

Medium sized shrub of fine texture with green needle like leaves and many small rosy-pink flowers in winter.

DIOSMA reevsii – White Breath of Heaven C65 2.50

Popular variety with round, compact growth and myriads of tiny star-shaped white flowers in the warm months.

DODONEA viscosa purpurea – Hopseed Bush S65 2.50

Showy evergreen plant with bronze, willow like leaves turning reddish-purple in cool weather.

DRACAENA draco – Dragon Tree S75 3.00

Impressive, slow-growing palm of small to medium height. Stout trunks rise to hold long, narrow, sword-like leaves.

DRACAENA indivisa – Dracaena Palm S55 2.00

Good warm weather palm of medium height with wide spread. Leaves are rich green, narrow and long. Excellent for landscaping.

DRACAENA indivisa rubra – Red Dracaena Palm S85 3.00

Same habit as D. indivisa only with red leaves.

ECHIU fastuosum – Pride of Madeira S75 3.00

Medium sized shrubby perennial with clumps of hairy, grey-green narrow leaves. Blue-purple flowers in spikes blossom May through June.

ELAEAGNUS pungens maculatus – Yellow Spot Elaeagnus C75 2.50

Evergreen shrub with leaves that are grey-green and silvery with yellow blotch in the center.

EQUISETUM hyemale – Horsetail Reed Grass D65

Interesting rush-like grass. Stems are jointed and deep green with no leaves. Can grow in standing water.

ERICA John McLaren – Pink Bell Heather C65

Small evergreen shrub of compact growth with bell-like deep pink flowers blooming twice a year.

OKI NURSERY.....Sacramento, California

1 Gal. 5 Gal.

ERICA Mrs. Maxwell C......65 2.50

Low growing evergreen shrub of dense growth habit.
Reddish purple flowers in summers.

ERICA mediterranea – Mediterreanean Heather C......65

Upright shrub of medium height with lilac-pink flowers
January to April.

ERICA darleyensis mediterranea hybrida C......65 2.50

Small spreading shrub with small rosy-purple, bell-shaped
flowers from November to May.

ERICA melanthera rosea – Pink Scotch Heather C......65

Evergreen shrub with tiny green leaves and masses of
rosy-pink flowers.

ERICA melanthera rubra C......65

Same habit as rosea, except flowers are rose-red
from October to February.

ERICA persoluta – French Heather C......65

Small growing variety with rose colored bell-shaped
flowers in winter or spring.

ERIOBOTRYA japonica – Loquat S......65 2.75

Small moderate growing evergreen tree with strong,
leathery leaves, glossy green above—silvery beneath.
Clusters of small, fragrant flowers in fall, followed by
edible fruits, ripening in spring.

Espalier – 6.00

ESCALLONIA montevidensis – White Escallonia C......60 2.25

Tall growing evergreen shrub with green glossy ovate
leaves. Clusters of white flowers in late summer and
fall.

ESCALLONIA organensis – Organ Escallonia C......60 2.25

Dense, tall growing, evergreen shrub with arching
branches. Compact, broad clusters of pink to rose-red
flowers in early summer.

**ESCALLONIA rosea (franciscana) –
Pink Escallonia C**......60 2.25

Loose growing large shrub with chocolate brown bark
and dark green foliage. Rosy-pink flowers bloom through-
out summer.

ESCALLONIA rubra – Red Escallonia C......60 2.25

Upright growing, compact shrub of medium height with
glossy, dark green, oval leaves. Short clusters of red or
crimson flowers bloom throughout warm months.

EUCALYPTUS ficifolia – Red Flowering Gum S......65 2.75

Medium sized slow growing tree of dense foliage with
wide ovate leaves. Reddish flowers bloom at intervals
during warm months.

EUCALYPTUS globulus compacta – Dwarf Blue Gum S......60 2.25

Small bushy tree with blue-grey foliage. Good as a large
wind break.

EUCALYPTUS lehmannii - Bushy Yate S65 2.75

Small multiple stem Eucalyptus with light green narrow foliage.

EUCALYPTUS polyanthemos - Red Box S65 2.75

Medium size, moderate growing tree with an open pendular growth habit. Leaves are round and blue-green.

EUCALYPTUS pulverulenta - Dollar Leaf Eucalyptus S65 2.75

Medium sized tree of moderate growth. Stems grow through center of circular leaves to form a loose open top. Cut foliage is excellent in flower arrangements.

EUCALYPTUS rudis - Desert Gum S65 2.75

Rapid growing tree with rounded green foliage. Persistent rough grey-brown bark.

EUCALYPTUS sideroxylon rosea - Red Iron Bark S65 2.75

Slim medium sized tree with blue-green rather narrow leaves which turn red in winter. Pink flowers bloom in mass during spring.

EUGENIA myrtifolia - Australian Brush Cherry S60 2.50

Large brushy shrub with glossy greenish-bronze clean foliage. Fluffy white flowers are followed by red berries that are edible.

5 Gallon Standard - 3.50

EUONYMUS japonicus - Green Leaf Euonymus C60 2.25

Vigorous upright growing shrub with large, oval dark green leaves.

EUONYMUS japonicus alba marginata C60 2.25

Compact evergreen shrub with dark blue-green leaves and white margins.

**EUONYMUS japonicus aurea marginatus -
Euonymus Gold Edge C65 2.50**

Striking evergreen shrub with oval, dark green leaves and gold margins.

**EUONYMUS japonicus aurea variegatus -
Euonymus Gold Center C60 2.25**

Popular, compact, upright growing shrub with oval leaves, green margins and gold center.

**EUONYMUS japonicus microphyllus -
Box Leaf Euonymus C60**

Compact, formal appearing dwarf shrub with small dark green leaves.

EUONYMUS japonicus - President Gauthier C60 2.25

Closely resembles E. Silver Queen with the exception of growth being more compact and leaf margins are cream instead of white and turns to a reddish tint in winter.

EUONYMUS japonicus - Silver Queen C60 2.25

Rather loose upright evergreen shrub with large oval, green, white-margined leaves.

1 Gal. 5 Gal.

EUONYMUS radicans minimus variegated C60

Small creeping shrub with very small variegated, green, and white leaves. Good cold weather plant. Excellent ground cover.

FATSIEDERA lizei - Botanical Wonder C60 2.25

Interesting hybrid shrub-vine with large, shiny, dark green leaves like giant Ivy. Stems are stiff and upright.

FEIJOA sellowiana - Pineapple Guava S60 2.00

Large, hardy, evergreen shrub. Oval leaves are grey-green above and silvery beneath. Unusual flowers with fleshy white petals that have reddish-purple stamens inside. Blooms from May to July followed by pineapple shaped fruit.

FESTUCA glauca - Blue Fescue D60

Good ornamental grass with blue-grey hair-like leaf blades. Excellent for rock gardens. Stays low.

FICUS decora - Rubber Plant C 1.50 5.00

A large leafed variety suitable for planting in protected areas, or in tubs. The stem and leaves have a red tone in color.

FICUS nitida - Indian Laurel C75 5.00

Distinguished, handsome looking small evergreen tree with thick rubbery leaves.

FICUS repens minima - Climbing Fig C65

Shade loving clinging vine with small tough, rounded leaves that vary in color from green to rust-green.

FORSYTHIA Beatrix Farrand C60 2.25

An early flowering handsome deciduous shrub which has large deep yellow flattened tubular flowers. Foliage is a rich lustrous green.

FORSYTHIA Lynwood Gold - Golden Bells C60 2.25

Deciduous, hardy shrub with large yellow flowers along arching branches before leaves appear in spring.

FORSYTHIA Spring Glory C60 2.25

Hardy, deciduous shrub with pale yellow flowers blooming profusely in early spring.

FRAXINUS pennsylvanica lanceolata - Green Ash S65 2.50

Vigorous growing deciduous tree of dense habit. Dark green leaves turn to yellow in fall.

**FRAXINUS holotricha moraine -
Moraine Ash (P.P. 1768) G** 3.50

A new type ash of medium height which gives filtered shade. Trunk and limbs are smooth barked with olive-green foliage.

7 Gallon - 4.50

FRAXINUS udhei - Shamel Ash S65 2.50

Fast growing tree of medium height with glossy leaves divided into leaflets. Evergreen in mild winters.

1 Gal. 5 Gal.

FRAXINUS velutina glabra – Modesto Ash G 2.50

Most widely distributed ash in the west. Trunk and branches are smooth barked with leaves made up of 5 to 7 leaflets.

FREMONTIA mexicana – Southern Fremontia S75

Loosely branched shrub with fuzzy maple-like leaves. Large yellow flowers often tinged with orange. Blooms in May through July.

GARDENIA mystery – Cape Jasmine C65 2.50

Popular evergreen shrub of medium height with large shiny, dark green leaves. Fragrant double white flowers. blooms in summer.

GARDENIA radicans C75

Low growing miniature form gardenia with small green leaves and profuse blooming small double flowers.

GARDENIA veitchii C60 2.25

Smaller leaves and flowers than G. mystery. Flowers in greater profusion than G. mystery. Does well in a partial sunny location.

GAZANIA – Copper King D50

Low growing perennial with leaves dark green above and woolly white beneath. Flowers are orange and are blooming year around. Excellent in dry areas, or where splash of color is needed.

GELSEMIUM sempervirens – Carolina Jasmine C70 2.75

Twining, shrubby, evergreen vine with clean fresh green leaves. Fragrant bell-shaped flowers are yellow, appearing in early spring.

GENISTA racemosa – Sweet Broom C65 2.25

Evergreen shrub with dull green leaves made up of two oblong leaflets. Bright yellow, fragrant pea shaped flowers in clusters during early spring through summer.

GINKGO biloba – Maidenhair Tree S75 2.75

Deciduous broad leaved tree with flat fan shaped light green leaves which change to gold color in fall. Medium to large height.

GINKGO biloba – Autumn Gold G 4.50

Male species with same growth habit as G. Biloba with the exception that it is fruitless and the leaves turn a richer golden color.

**GLEDITSIA tricanthos inermis moraine –
Moraine Locust (P.P. 836) G** 3.50

Impressive, deciduous, medium to large tree with leaves made up of 20 to 30 oblong leaflets which turn to clear yellow in fall.

**GLEDITSIA tricanthos inermis sunburst –
Sunburst Locust (P.P. 1313) G** 3.50

Same growth habit as Moraine Locust, but foliage is golden yellow.

	1 Gal.	5 Gal.
GREVILLEA robusta – Silk Oak S	.65	2.75
Fast growing large evergreen tree with green fern-like leaves. Orange-yellow flowers during summers.		
GREVILLEA rosmarinifolia – Rosemary Grevillea C	.80	
Moderate growing shrub of medium height with leaves resembling that of rosemary. Short clusters of red flowers.		
GREWIA caffra – Lavender Starflower C	.65	2.50
Rapid growing, sprawling shrub of medium to large height with green finely toothed leaves. Small, lavender-blue, star-like flowers from late spring to early fall. Excellent for espaliering.		
Espalier – 5.00		
HAKEA suaveolens – Sweet Hakea S	.70	2.50
Large, hardy, evergreen shrub with stiff, needle like, deeply lobed, green leaves. Fluffy clusters of fragrant bloom in fall and winter.		
HEDERA canariensis – Algerian Ivy C	.65	2.50
Climbing vine with large, green lobed leaves. More tolerant to sun than English Ivy. Used extensively as a ground cover.		
HEDERA canariensis variegated – Variegated Algerian Ivy C	.65	2.50
Vigorous vine with large white variegated leaves. This variegation makes this Ivy very colorful when used as a ground cover.		
HEDERA helix – English Ivy C	.65	2.50
Climbing vine with dark green leaves which are triangular and smaller than the Algerian Ivy leaf. Used as a ground cover in cooler areas.		
HEDERA helix hahnii – Hahn's Ivy C	.65	
Fine textured vine with small, light green leaves, densely-branched growth. Excellent as a ground cover and when planted in window boxes.		
HELLERBORUS niger – Christmas Rose S	.75	
Low growing perennial plant with dark green leaves divided fan-wise into leaflets. Purplish blossoms bloom profusely during winter and early spring.		
HEMEROCALLIS – Day Lily D	.65	
Hardy, fleshy plant with large clumps of sword-like leaves. Wide open lily-like flowers are yellow or orange, blooming in summer.		
HIBBERTIA volubilis – Guinea Gold Vine C	.65	
Fast growing, twining, evergreen vine with waxy, dark green, oblong leaves. Bright yellow single flowers, resembling roses, bloom in spring and summer.		
HIBISCUS American Beauty C	.60	2.25
Beautiful, large, single pink flower with rose-red to white throat.		

	1 Gal.	5 Gal.
HIBISCUS Agnes Gault C	.60	2.25
Colorful vigorous growing shrub with heavily veined, single rose-pink flowers.		
HIBISCUS Brilliant (San Diego Red) C	.60	2.25
Fascinating bright single red flowers bloom profusely during most months.		
HIBISCUS California Gold C	.60	2.25
Exciting single flower with warm yellow edges changing to an orange tinge in throat.		
HIBISCUS Celia C	.60	2.25
Very attractive double red flowers blooming in profusion during warm months. Excellent glossy green foliage.		
HIBISCUS Crown of Bohemia C	.60	2.25
Popular shrub of luscious green foliage with beautiful flowers of deep yellow, double petals, and reddish orange throats.		
HIBISCUS Kona C	.60	2.25
Dainty double pink ruffled petals create masses of color during summer.		
HIBISCUS Rosea C	.60	2.25
Double rose-red flowers blooming profusely during warm months. Vigorous grower with glossy green foliage.		
HIBISCUS Snow Queen C	.60	2.25
A variegated form of Hibiscus. The white variegated foliage makes this plant attractive in tropical plantings. The flowers are medium sized and deep salmon in color.		
HIBISCUS Sundown (Jigora) C	.60	2.25
Glossy green shrub with lovely large, double orange flowers.		
HIBISCUS White Wings C	.60	2.25
Dazzling single flower of white petals with a light red vein and dark red eye in the center.		
HYDRANGEA C	.65	2.25
Large deciduous shrubs with thick, shiny broad leaves and strikingly beautiful large flower heads.		
Hamburg - Scarlet		
Hortensis - Delicate Pink		
Revelation - Dark Red		
Trophee - Salmon Rose		
White		
HYPERICUM calycinum - Aarons Beard C	.55	
Low spreading semi-evergreen bushy plant with green to yellow-green foliage, depending on amount of shade. Showy clusters of bright yellow flowers in late spring. Excellent ground cover spreading by underground runners.		
HYPERICUM moserianum - Gold Flower C	.60	
Hybrid shrub of small to medium size. Does well in shade. Yellow flowers in summer.		

1 Gal. 5 Gal.

HYPERICUM patulum henryi C.....**.60**

Medium sized shrub with light green leaves on graceful willow branches. Golden yellow flowers from July to October.

ILEX altaclarensis wilsoni - Wilsons Holly C.....**.65 3.00**

Vigorous growing large shrub with large spiny leaves and bright red berries in the fall.

5 Gallon Standard - 5.00

ILEX aquifolium - English Holly C.....**.75 2.75**

Traditional Christmas holly with dark shiny green spiny leaves and bright scarlet berries in fall. Can be trained into a small tree.

ILEX cornuta burfordii - Burford Holly C.....**.65 2.25**

Medium sized shrub with interesting characteristics of no spines on its dark green thick leaves. Bright red berries at Christmas. An excellent landscaping shrub.

ILEX cornuta rotunda - Dwarf Chinese Holly C.....**.70 2.25**

Dwarf form of Chinese holly which stays low and compact. Excellent in small yards or used as a hedge.

ILEX latifolia - Tarajo Holly S.....**.85 3.00**

Beautiful medium sized tree with large glossy, green-serrated leaves and dense clusters of red berries in fall.

JARCARANDA mimosaeolia S.....**.65 2.75**

Medium sized semi-evergreen tree with feathery, fern-like leaves. Lavender-blue flowers in spring and summer.

JASMINUM primulinum - Primrose Jasmine C.....**.65**

Strong growing evergreen vine with dark green leaves made up of three lance-shaped leaflets. Bright lemon-yellow flowers in spring and summer.

JUNIPERUS chinensis armstrongii - Armstrong Juniper C.....**.65 2.50**

Good looking, medium sized conifer with birdsnest-like habit of growth. Light green foliage.

JUNIPERUS chinensis columnaris C.....**.80 3.25**

Tall growing pyramidal conifer with blue-green foliage.

JUNIPERUS chinensis foemina C.....**.65 2.75**

Upright growing juniper of tall height with light green, feathery, foliage.

JUNIPERUS chinensis hetzi columnaris -.....**.75 3.00**

Green Columnar Juniper C
Hardy, tall growing conifer of columnar habit. Bright green foliage.

JUNIPERUS chinensis hetzi glauca -.....**.65 2.50**

Hetz Blue Juniper C
Vigorous growing conifer of medium height with strong spreading branches and grey-green foliage.

JUNIPERUS chinensis keteleeri C.....**.80 3.25**

Upright growing juniper of loose habit with bright green foliage.

JUNIPERUS chinensis - Mint Julip (TMR) C80 3.25

Refreshing upright spreading conifer with lush green foliage.

JUNIPERUS chinensis mordigan - Mordigan Juniper C75 2.75

An intermediate size juniper, semi-upright and semi-prostrate, with very good green color. Many uses.

JUNIPERUS chinensis mordigan aurea - Golden Mordigan Juniper C75 2.75

Similar in size and shape to J. mordigan, except that it has a pleasing golden color to the foliage.

JUNIPERUS chinensis pfitzeriana - Pfitzer Juniper C65 2.50

Open, spreading, fast growing shrub of medium height with fine, grey-green foliage.

JUNIPERUS chinensis pfitzeriana aurea - Golden Pfitzer C75 2.75

Low growing juniper of fine texture with greenish yellow foliage.

JUNIPERUS chinensis pfitzeriana compacta - Nick's Compact Pfitzer C65 2.50

Graceful, compact, dwarf type shrub with dense grey-green foliage.

JUNIPERUS chinensis pfitzeriana glauca - Blue Pfitzer C65 2.50

Spreading juniper with silvery-blue foliage.

JUNIPERUS chinensis torulosa - Hollywood Juniper C75 3.00

Twisted branches and rich green foliage make this upright variety one of the most popular varieties year after year.

JUNIPERUS chinensis torulosa variegated - Variegated Hollywood Juniper C 1.50 4.00

Closely resembles J. torulosa, except rich green foliage is splotted with bright yellow or silver variegation.

JUNIPERUS conferta - Shore Juniper C80 3.00

Spreading prostrate, conifer with light green foliage. Outstanding for seashore.

JUNIPERUS excelsa stricta - Spiny Greek Juniper C75 2.75

Showy conifer of columnar or pyramidal shape. Spiny foliage is a blue-green color.

JUNIPERUS hibernica - Irish Juniper C65 2.75

Large, compact, upright growing conifer with light blue-green foliage.

JUNIPERUS horizontalis bar harbor - Bar Harbor Juniper C80 2.75

Creeping, prostrate juniper with blue-green foliage.

JUNIPERUS horizontalis glauca C80 2.75

A creeping form of juniper with long trailing branches that are blue-grey in color.

JUNIPERUS horizontalis plumosa – Andorra Juniper C	.65	2.50
Spreading, slightly mounding conifer of low growth with grey-green feathery foliage, tinged red in fall and winter.		
JUNIPERUS horizontalis wiltonii – Wilton Carpet Juniper C	.90	3.00
One of the finest low growing junipers with intense blue foliage. Excellent for ground cover, bank plantings, and planter boxes.		
JUNIPERUS procumbens C	.75	2.75
Low, spreading conifer with short, spiny, needle-like foliage which is a soft green in color.		
JUNIPERUS prostrata – Creeping Juniper C	.75	2.75
Prostrate creeping juniper with blue-grey foliage.		
JUNIPERUS sabina – Savin Juniper C	.65	2.50
Matted, green foliage. Wide spreading, dense shrub of medium height with soft green foliage.		
JUNIPERUS sabina arcadia C	.80	2.75
Lacy textured, semi-spreading juniper with dark green foliage.		
JUNIPERUS sabina tamariscifolia – Tamarix Juniper C	.65	2.50
Most popular low spreading juniper with blue-green foliage on graceful arching branches.		
JUNIPERUS sabina variegated C	.85	3.00
Low, spreading shrub with blue green foliage with splotches of creamy yellow on heavy branches.		
JUNIPERUS scopulorum – Blue Haven C	.90	3.50
Outstanding shrub of neat pyramidal habit with bright blue foliage.		
JUNIPERUS scopulorum – Dew Drop C	.90	3.50
Neat, compact, upright shrub with silver-blue foliage.		
JUNIPERUS scopulorum erecta glauca C	.90	3.50
Neat, upright, pyramidal juniper with feathery silver-blue foliage.		
JUNIPERUS scopulorum – Lakewood Globe C	.80	3.25
Attractive, compact, globe-shaped conifer with blue-green foliage.		
JUNIPERUS scopulorum – Pathfinder C	.90	3.50
Upright juniper of pyramidal habit with showy blue-grey foliage.		
JUNIPERUS scopulorum – Staver C	.90	3.50
Hardy, upright conifer with grey-green foliage.		
JUNIPERUS scopulorum – Table Top Blue C	.90	3.50
Dense, upright juniper with silver-blue foliage.		
JUNIPERUS squamata meyeri – Meyer Juniper C	.85	3.25
Loose, semi-upright shrub with stiff silver-blue foliage.		

	1 Gal.	5 Gal.
JUNIPERUS tripartita – Fountain Red Cedar C	.65	2.50
Very informal, loose, spreading conifer with foliage green and slightly tinted blue.		
JUNIPERUS virginiana prostrata C	.75	2.75
Low growing, spreading juniper with silvery branches and silver tinted foliage. Excellent for low plantings and ground cover.		
KERRIA japonica – Japanese Rose C	.65	
Deciduous, shrub of medium height with bright green triangular leaves, turning yellow in fall. Artistic bright green branches during winter. Double yellow-orange flowers in spring.		
KOELREUTERIA paniculata – Golden Rain Tree S	.65	2.75
Small, deciduous tree with leaves made up of long, ovate leaflets. Clusters of bright yellow flowers in late June and July.		
LABURNUM vossii – Golden Chain Tree G		2.75
Small deciduous tree or large shrub with grey-green compound leaves. Long clusters of yellow flowers in spring followed by colorful groups of large seed pods.		
LAGERSTROEMIA indica grays red – Grays Red Crepe Myrtle C	.65	2.25
Vigorous growing shrub of upright habit with lush, green foliage and masses of bright red flowers in summer. 5 Gallon Standard – 2.75		
LAGERSTROEMIA indica lavendula – Purple Crepe Myrtle C	.65	2.25
Masses of beautiful lavender flowers in the summer. 5 Gallon Standard – 2.75		
LAGERSTROEMIA indica rosea – Pink Crepe Myrtle C ..	.65	2.25
Large shrub with masses of pink flowers in summer. 5 Gallon Standard – 2.75		
LAGERSTROEMIA indica rubra – Red Crepe Myrtle C	.65	2.25
Deciduous plant with light green leaves and billows of rose-red flowers in summer. 5 Gallon Standard – 2.75		
LAGERSTROEMIA indica watermelon red – Watermelon Red Crepe Myrtle C	.65	2.25
Lush green foliage with showy masses of crinkly red flowers in summer. 5 Gallon Standard – 2.75		
LANTANA camara C	.55	
Popular compact dwarf shrubs with dark green veined, ovate leaves and masses of bright colored flowers. Christine – Cerise pink flowers Dwarf Pink – Light pink flowers Dwarf Yellow – Bright yellow flowers Dwarf White – Clear white flowers Radiation – Deep orange and red flowers		

OKI NURSERYSacramento, California

1 Gal. 5 Gal.

LANTANA – Gold Mound C55

A spreading lantana with small green leaves and masses of bright yellowish-orange flowers.

LANTANA sellowiana – Trailing Lantana C55

Hardy, low growing shrub with small green leaves on spreading branches. Masses of lavender flowers.

LAURUS nobilis – Bay Tree – Grecian Laurel C65 2.75

Large, slow growing, evergreen shrub with shiny dark green oblong leaves. Very neat with pyramidal growth habit.

5 Gallon Standard – 3.50

LAVANDULA vera – English Lavender S75

Perennial plant of low height with long, narrow leaves. Spikes of lavender flowers in summer.

LEPTOSPERMUM keatleyi C75 2.75

A variety of the Australian Tea family which has light pink, single flowers up to an inch in diameter.

LEPTOSPERMUM laevigatum – Australian Tea Tree C .. .65 2.50

Large shrub with branches twisting into interesting shapes. Very small grey-green leaves densely cover branches. Small white flowers bloom in late spring.

LEPTOSPERMUM laevigatum reevesii –

Dwarf Australian Tea Tree C75 2.75

Compact dwarf form of *L. laevigatum*.

LEPTOSPERMUM scoparium – Pom Pom C65 2.50

Medium sized evergreen shrub with fine dark green foliage and bright double pink flowers.

LEPTOSPERMUM scoparium – Ruby Glow C65 2.50

Medium sized evergreen shrub with purple stems and fine dark green foliage. Masses of double dark red flowers in the spring.

LEPTOSPERMUM scoparium – Snow White C65 2.50

Evergreen shrub with dark green foliage and masses of double white flowers in spring.

LIBOCEDRUS decurrens – Incense Cedar S75 3.00

Large symmetrical coniferous tree with dense, narrow pyramidal crown of rich green foliage in flat sprays.

LIGUSTRUM japonicum – Japanese privet S55 2.00

Large evergreen shrub with small, pointed, glossy dark green leaves, and clusters of white flowers in spring and summer.

5 Gallon Standard – 3.50

LIGUSTRUM ovalfolium variegated – Golden Privet C60 2.25

A fast growing, golden hued plant useful as either a specimen shrub or as hedging.

1 Gal. 5 Gal.

LIGUSTRUM texanum – Wax Leaf Privet C..... .55 2.00

Popular large shrub with large, glossy, deep green foliage and clusters of white flowers in spring.

5 Gallon Standard – 5.00

LIQUIDAMBER formosana – After Glow Liquidamber G..... 3.00

A large leafed open growing variety of Liquidamber. The leaves are deep red and fuzzy when young.

LIQUIDAMBER orientalis G..... 3.00

Medium size deciduous tree with small maple-like, deep green leaves which turn bright autumn colors in fall.

LIQUIDAMBER styraciflua – Sweet Gum S..... .60 2.50

Tall, deciduous tree of upright pyramidal growth. Deep green maple-like leaves turn beautiful reds and yellows in fall.

LIQUIDAMBER styraciflua – Palo Alto G..... 3.00

Popular selected variety with large lobed leaves and pyramidal growth habit. Rich green color changing to striking fall colors.

LIRIODENDRON tulipifera – Tulip Tree S..... .65 2.50

Hardy, deciduous, large tree with high spreading branches. Interesting green, four-lobed leaves turn yellow in autumn. Greenish yellow tulip-like flowers appear in late spring on older tree.

LIRIOPE spicata – Creeping Liriope D..... .65

Creeping grass-like plant with light lilac colored flowers in early summer.

LONICERA hildebrandtiana – Giant Burmese Honeysuckle G..... 1.25 3.00

Fast growing, climbing, evergreen vine with dark glossy green leaves and long tubular creamy-white flowers.

LONICERA japonica halliana – Hall's Honeysuckle C..... .65

Vigorous, hardy, climbing vine with deep green oval leaves and fragrant white flowers changing to yellow.

LONICERA japonica purpurea – Purple Honeysuckle C..... .65

Fast growing large vine with leaves dark reddish green above and purplish-green beneath. Fragrant tubular flowers, white inside, coral red outside, are born in pairs.

LOTUS berthelotti – Parrot's Beak C..... .60

Low, trailing plant with dense silvery-grey leaves, and narrow sweet-pea-shaped scarlet flowers that fade to orange during June and July.

MAGNOLIA grandiflora – Southern Magnolia S..... .65 2.75

Beautiful, large, evergreen tree with large dark green leaves and huge fragrant white flowers after tree becomes mature.

1 Gal. 5 Gal.

MAGNOLIA soulangeana – Saucer Magnolia C 1.00 3.75

Attractive, slow growing, deciduous tree of small to medium height with showy, lavender and white flowers blooming while branches are still bare.

MAGNOLIA stellata – Star Magnolia C 1.00 3.75

Deciduous, small tree with beautiful petaled star-like white flowers in spring.

MAHONIA aquifolium – Oregon Grape S65 2.50

Evergreen, erect, freely branching shrub with leaves made up of glossy green leaflets which are ruddy red when young. Bluish berries with yellow blooms in summer to fall.

MAHONIA bealei – Leather-Leaf Mahonia S65 2.75

Tree-like tall shrub with flat whorls of compound leaves growing horizontally from trunk. Leaves are greyish-green, ovate, and have stiff, spiny teeth on margins. Clusters of yellow flowers in spring followed by bluish berries.

MAHONIA lomarifolia S75 2.75

Exotic looking shrub of medium height with long, narrow, thick, spiny leaflets. Clusters of yellow flowers in spring followed by bluish berries.

MAHONIA nervosa – Long Leaf Mahonia D85

Low growing shrub with many narrow leaflets that are glossy green above and have bristly margins. Shade loving.

MARGUERITE – Yellow and White C50

Fast growing, shrubby plant with bright green divided leaves. Daisy-like flowers bloom profusely on long stems most of the year.

MAYTENUS boaria – Mayten Tree S 3.00

Moderate growing tree that reaches medium height. Willow-like small blue-grey leaves grow from pendulous branchlets. Evergreen.

MELIANTHUS major – Honey Bush S65 2.25

Interesting evergreen shrub of medium height with unique blue-grey, toothed leaflets. Spikes of red-brown flowers during late winter and early spring.

MORUS alba – Maple Leaf Fruitless Mulberry G 2.50

Popular, fast growing, deciduous shade tree of medium height with large dark green leaves. Likes moisture.

MUSA ensente – Abyssinian Banana S65 2.25

Fast growing evergreen ornamental plant with long, wide, green leaves. Excellent for tropical gardens or where exotic effect is needed.

MYOPORUM laetum C65 2.50

Medium sized, fast growing evergreen bush with dense, thick, oblong, dark green leaves. Does best along coast.

1 Gal. 5 Gal.

MYRSINE africana - African Boxwood C65 2.50

Small, slow growing evergreen shrub with small, green leaves set on vertical dark red stems.

MYRTUS communis - True Myrtle C60 2.25

Rounded, evergreen shrub of medium height with small bright, glossy green pointed leaves. White flowers in summer followed by bluish-black berries.

MYRTUS communis compacta - Dwarf Myrtle C60 2.25

Small, slow growing, compact shrub with clean, shiny leaves.

NANDINA domestica - Heavenly Bamboo S55 2.25

Popular, small or medium sized shrub with light, airy structure, and feathery light green or yellow foliage. Loose clusters of small creamy-white flowers in late spring followed by masses of red berries in fall. Excellent in sun or shade.

NANDINA chinensis - Royal Princess (TMR) D 4.00

A selected variety of Nandina which remains a compact shrub. The leaflets are smaller than N. domestica and tend to be of redder color.

NERIUM oleander - Oleander C55 2.00

Ever popular sturdy, large, evergreen shrub with dark green, long narrow leaves. The flowers are in large clusters during the summer months and are very showy.

Cherry Ripe - Bright single rose-red flowers

Betty - Single shell pink flowers

Count Barthelemy - Double red flowers

Double Pink - Beautiful large, double pink flowers

Jannoch - Single large red flowers

Mrs. Roeding - Double salmon pink flowers

Prof. Bodkin - Single Cardinal red flowers

Sarah Bernhardt - Single soft pink

Sister Agnes - Single white flowers

Yellow - Creamy-yellow

OLEA manzanillo - Manzanillo Olive C75 2.75

Excellent evergreen tree with rounded head of grey-green leaves, choice fruits are edible when cured.

OLEA mission - Mission Olive C75 2.75

Taller tree than other varieties with medium sized in November.

OLEA sevellano - Sevellano Olive C75 2.75

Ornamental looking tree with largest sized olives.

OPHIPOGON japonicus - Lily Turf D65

Evergreen sod forming ground cover. Dark green blades of grass are set off by lavender flowers in summer.

OSMANTHUS ilicifolius - Holly Osmanthus C70 2.50

Slow growing symmetrical shrub of medium height with dark green, holly-like leaves. White fragrant flowers in fall, winter and early spring.

OSMANTHUS illicifolius variegated C.....1.00 3.00

Same habit as illicifolius except leaves are variegated green and white.

OSMANTHUS fragrans - Sweet Osmanthus C......75 2.50

Tall evergreen shrub with shiny, dark green, oval leaves and white fragrant flowers in spring and early summer.

PACHYSANDRA terminalis - Japanese Spurge C......65

Interesting evergreen plant of trailing habit with shiny green leaves. Excellent ground cover for deep shade.

PARKINSONIA aculeata - Jerusalem Thorn S......65 2.75

Deciduous, wide-spreading tree of medium height with thorns to one inch long and with small green fern-like leaves. Slender clusters of yellow flowers in early summer.

PASSIFLORA jamesonii - Jameson Passionflower S......65 2.50

Fast growing vine with large rose and coral red flowers.

PASSIFLORA pfordii - Passionflower C......65 2.50

Popular, hardy vine with thick lush green foliage and large, white shaded with pink and lavender, flowers.

PERSEA indica - Red Bay S.....2.75

Attractive small ornamental tree with large glossy leaves.

PERSIMMON fuyu G.....2.75

Deciduous, ornamental fruit tree which is very adaptable and trouble-free. Delicious. Rather flattish fruit - at its best when hard.

PERSIMMON hachiya - Japanese Persimmon G.....2.75

An ornamental fruit variety which is a wide-spreading, deciduous tree. Fruit is large, pointed and tasty when soft.

PHILADELPHUS virginialis - Mock Orange C......65 2.25

Showy, deciduous hybrid shrub with snow-white fragrant clusters of double flowers in late spring.

PHILODENDRON evansi S......60 2.50

Beautiful, lush, dark green solid leaves make this a popular plant for tropical effect.

PHILODENDRON selloum S......60 2.50

This semi-tropical plant has large, deeply lobed, dark green leaves. Prefers a shady location but can stand full sun.

PHOENIX canariensis - Canary Island Date Palm S......75 2.75

Large, rapid-growing, wide-spreading, feather palm with gracefully arching deep green fronds.

PHORMIUM Tenax - New Zealand Flax S......60 2.25

Large, tropical-looking evergreen with sword-like, stiffly vertical, green, strap-like leaves arranged in a fan pattern. Reddish-brown stalks bear dark red to yellow flowers in spring.

PHORMIUM tenax bronze S75 2.75

Clumps of large sword-like leaves that have a bronze-red color. Excellent exotic tropical.

PHORMIUM tenax variegated D 1.00 3.50

Green, sword-like leaves are striped with white to give striking color effect as an exotic tropical.

PHOTINIA arbutifolia - Toyon - California Holly S 1.00 3.00

Large, California native shrub with leathery, glossy, dark green leaves. Small white flowers in June and July, followed by bright red berried in the fall and winter.

PHOTINIA fraserii G 1.25 3.00

Said to be a hybrid of *P. serrulata* and *P. glabra*; has larger and brighter leaves and grows more vigorously than *P. glabra*.

PHOTINIA glabra - Japanese Photinia G 1.25 3.00

Evergreen shrub of medium height with same characteristics as *P. serrulata*, only miniature in all ways. New growth is bright red, maturing to a glossy green.

PHOTINIA serrulata - Chinese Photinia S65 2.25

Large, vigorous growing evergreen shrub with dark green, oblong leaves and copper-scarlet young leaves in spring. Small white flowers in spring followed by red berries.

PHOTINIA serrulata nova C70 2.50

Handsome evergreen shrub with large, dark green-tinted red leaves.

PICEA excelsa - Norway Spruce S 1.50 4.50

Large, hardy conifer of pyramidal habit with bright green foliage.

PICEA pungens - Colorado Spruce S 1.50 4.50

Large, stiff, conifer of pyramidal habit and silvery grey-green, blue-green, or green foliage often used as Christmas trees.

PIERIS forestii C 1.25 3.50

Shade-loving shrub with red-tinted new leaves maturing green. Both leaves and flowers are larger than *P. japonica*.

PIERIS japonica (Andromeda) - Lily of the Valley Shrub C .75 2.75

Medium sized, rather open, evergreen shrub with lustrous dark green, pointed leaves. Pearly-white urn shaped flowers in spring. Shade loving.

**PIERIS japonica variegated -
Variegated Lily of the Valley Shrub C** 1.00 3.50

Same habit as *P. japonica*, only leaves are variegated green and white.

PINUS attenuata - Knob Cone Pine S85 3.00

Small to medium sized tree of a broad pyramidal shape with thin bark and pale yellow to bluish green needles.

1 Gal. 5 Gal.

PINUS canariensis - Canary Island Pine S..... .65 2.50

Large, fast growing conifer of upright pyramidal habit. Blue-green foliage in youth, dark green at maturity.

PINUS contorta - Lodge Pole Pine S..... .85 3.00

Hardy, thin barked, slender tree with a pyramidal crown. Good variety for dwarfing.

PINUS densiflora - Japanese Red Pine S..... .65 2.50

Small to large sized conifer with reddish-brown bark. Good dwarfing variety. Has tendency to form multiple trunks.

PINUS edulis (cembroides) - Pinon Nut Pine S..... .85 3.00

Small, round-headed tree with dark green needles.

PINUS griffithii - Himalayan Pine S..... .85 3.00

A large growing, graceful tree with long, silver-grey needles which hang from branches. Very attractive.

PINUS halepensis - Aleppo Pine S..... .65 2.50

Medium sized, picturesque tree with open, round-topped head. Rich grey-green needles on short branches.

PINUS jeffreyi - Jeffrey Pine S..... .85 3.00

Slow growing, high altitude pine with bluish-tinged foliage. Similar to Ponderosa pine.

PINUS mughus - Swiss Mt. Pine - Mugho Pine S..... 1.00 3.00

Popular, shrubby, dwarf pine of spreading nature with short, dark green needles. Good for container growing or rock gardens.

PINUS muricata - Bishop Pine S..... .65 2.50

Large, fast growing tree with a dense, rounded crown, deep green needles.

PINUS nigra - Austrian Black Pine S..... .85 3.00

Slow growing tree with dark green, coarse foliage. Excellent for accent or tub planting.

PINUS patula - Jelecote Pine S..... .65 2.50

Large, interesting pine with pendulous branches, giving it a weeping effect. Needles are yellow-green and hang from branches.

PINUS pinea - Italian Stone Pine S..... .65 2.50

Large, spreading, thick-trunked pine with long, stiff, bright green needles. Young trees have short, bright blue foliage.

PINUS ponderosa - Ponderosa Pine S..... .85 3.00

Large, stately tree with loosely arranged branches and long, deep, yellow-green needles.

PINUS pungens - Table Mountain Pine S..... .85 3.00

Slow growing, dense tree. Good for screening purposes.

PINUS radiata - Monterey Pine S..... .65 2.50

Popular, fast growing, large tree of pyramidal habit with dark green foliage. The most popularly planted pine in California.

OKI NURSERY.....		Sacramento, California	
		1 Gal.	5 Gal.
PINUS sylvestris – Scotch Pine S	.65	2.50	
Very ancient pine of variable height with spreading, drooping branches giving it an irregular shape. Excellent for screening purposes.			
PINUS thunbergii – Japanese Black Pine S	.65	2.50	
Slow growing pine, rather bushy in its youth, with dark green needles. Very popular for dwarfing purposes.			
PISTACIA atlantica S	.65	2.75	
Semi-evergreen, large tree with leaves of grey-green color; 7 to 11 leaflets per leaf.			
PISTACIA chinensis S	.65	2.75	
Moderate growing, deciduous tree of medium to large height with leaves made up of 5 to 6 pairs of walnut-like leaflets. Young foliage is scarlet, changing to deep green with age. Fall color is outstanding.			
PITTOSPORUM crassifolium – Karo Pittosporum S	.65	2.50	
Large, slow growing evergreen shrub or tree with greyish-green leaves and small purple flowers in clusters.			
5 Gallon Standard – 3.50			
PITTOSPORUM eugenoides – Tarata Pittosporum S	.65	2.50	
Fast growing, large shrub with glossy, yellow-green leaves and clusters of fragrant yellow flowers.			
PITTOSPORUM tobira – Mock Orange S	.55	2.25	
Compact evergreen shrub with shiny green leaves. Fragrant white flowers in spring; excellent foundation shrub.			
PITTOSPORUM tobira variegated C	.70	2.75	
Popular variety of medium height with grey-green leaves outlined in white.			
POTTOSPORUM undulatum – Victorian Box S	.65	2.25	
Large, spreading shrub or tree with dark glossy leaves and creamy white flowers.			
5 Gallon Standard – 4.00			
PLATANUS occidentalis – American Sycamore C		2.50	
Hardy, fast-growing, large tree with rather coarse, maple-like leaves and white bark on upper trunk and limbs. Deciduous.			
PLATANUS orientalis – Oriental Plane Tree C		2.50	
Large, deciduous, round-headed tree with dull greyish or greenish white trunk and maple-like leaves.			
PLATANUS racemosa – California Sycamore S		2.75	
Fast growing, large, deciduous tree with twisted branches and picturesque trunks covered by yellow-green, maple-like leaves.			
PLEROMA grandiflora – Princess Flower C	.60	2.25	
Showy, evergreen, sub-tropical shrub of medium to large height with velvety green, large leaves. Large velvety purple flowers appear during summer months.			

PLUMBAGO capensis – Cape Plumbago C65 2.25

Medium sized, spreading, vine-like shrub with small, cool, green leaves. Phlox-like clusters of sky blue flowers appear in summer.

PODOCARPUS elongatus – Fern Podocarpus S 1.25 3.75

Beautiful evergreen tree with light blue-green leaves and a graceful weeping habit.

PODOCARPUS maki S75 3.00

Small tree resembling P. macrophylla except branches and leaves are more upright and smaller.

PODOCARPUS macrophylla – Yew Pine S65 2.75

Most popular Podocarpus which is easily trained to make a tall slender column. Excellent as a tubbed specimen.

POPULUS canadensis – Carolina Poplar C 2.50

Fast growing, large, deciduous tree of spreading habit. Check areas to be planted, as roots are quite invasive.

POPULUS nigra italica – Lombardy Poplar C 2.50

Beautiful spire-like tree with upright branches. Wind resistant.

POLYGALA dalmaisiana – Sweet Pea Shrub C65 2.25

Small, bushy evergreen shrub with small green leaves and continuous show of purple sweet pea-like flowers.

PRUNUS caroliniana – Carolina Laurel Cherry S65 2.50

Large, evergreen, well branched shrub of upright growth. Dark glossy green foliage sets off small creamy-white flowers in February through April.

5 Gallon Standard – 3.50

PRUNUS cerasifera blireana – Purple Leaf Plum G 2.50

Small to medium sized tree with dark red leaves in spring turning green as the summer progresses. Flowers are a double pink.

PRUNUS cerasifera krauter vesuvius –
Purple Leaf Plum G 2.50

Popular small tree with very dark red leaves and small single pink flowers in February.

PRUNUS cerasifera pissardii – Purple Leaf Plum G 2.50

Single, whitish-pink flowers in January and February with reddish green foliage during the spring and summer months.

PRUNUS illicifolia – Holly Leaf Cherry S65 2.50

Moderate growing shrub or small tree of medium height with glossy green leaves resembling holly.

PRUNUS laurocerasus – English Laurel C60 2.25

Fast growing evergreen shrub with large, leathery, glossy, rich green leaves.

PRUNUS laurocerosus zabeliana – Zabel Laurel C..... .65 2.50

Valuable, moderate growing shrub of medium height with leaves half as wide as English Laurel. Excellent foundation shrub.

PRUNUS lusitanica – Portugese Laurel S..... .65 2.50

Large evergreen shrub with reddish stems and glossy, dark green leaves. Small white flowers appear in spring, followed by clusters of purple fruits.

PRUNUS lyoni – Catalina Cherry S..... .65 2.50

Small to medium sized tree with large, glossy leaves. Black cherry like fruit in fall.

PRUNUS serrulata amanogawa – Flowering Cherry G..... 2.75

Strong, upright tree with light pink semi-double flowers.

PRUNUS serrulata kwanzan – Flowering Cherry G..... 2.75

Stiffly upright bronze-toned tree with deep double pink flowers.

PRUNUS serrulata ojachin – Flowering Cherry G..... 2.75

Vigorous growing, deciduous tree with large, single, pale pink or white flowers.

PRUNUS serrulata pendula – Weeping Cherry G..... 3.75

Beautiful, deciduous, graceful tree with pendulous branches, bearing cluster of small, light pink flowers from April to May.

PRUNUS serrulata shirofugen – Flowering Cherry G..... 2.75

Fast growing, spreading tree with late, double white flowers.

PRUNUS sieboldii takasago – Flowering Cherry G..... 2.75

Early flowering variety with double light pink blooms.

PRUNUS subhirtella autumnalis – Flowering Cherry G..... 2.75

Small leaved, hardy tree with delicate single pink flowers.

PRUNUS yedoensis yoshino – Flowering Cherry G..... 2.75

Broad spreading, large tree with single, soft pink flowers fading to white.

PUNICA granatum chico – Double Flowering Pomegranate C .70

Showy dwarf deciduous shrub with masses of orange-red carnation-like flowers in the summer.

PUNICA granatum nana – Dwarf Pomegranate S..... .65

Dwarf, deciduous shrub with orange-red flowers followed by ornamental fruits in the fall.

PUNICA granatum Wonderful – Fruiting Pomegranate C..... 2.25

Large, fountain shaped shrub or small tree with glossy, bright green, narrow leaves. Orange-red, bell shaped flowers are followed by edible fruits. Deciduous.

PYRACANTHA coccinea lalandi C..... .65 2.25

Large, vigorous, hardy shrub with clusters of white flowers in spring, followed by orange berries in the fall.

1 Gal. 5 Gal.

PYRACANTHA crenata-serrata graberi C 2.25

Popular evergreen shrub of medium height with masses of white flowers in spring, followed by striking scarlet berries in the fall.

Staked 30"65
36"75
48" 2.25

Espalier - 5.00

PYRACANTHA - Duvalii (TMR) C80

Medium sized, spreading shrub with bright red berries in fall.

PYRACANTHA - Government Red C60 2.00

Upright growing, vigorous shrub of medium height with bright red berries in fall. Hardy.

4 feet stake - 2.25

PYRACANTHA - Rogersiana variegated C75

Interesting variegated form with green and white variegated leaves and yellow berries in fall.

PYRACANTHA - Santa Cruz prostrata C60 2.00

Low, prostrate growing shrub with glossy, deep green foliage and masses of red berries in fall.

PYRACANTHA - Walderi C60 2.00

Spreading, low growing variety with masses of red berries in fall.

PYRUS japonica - Nihon Nashi - Japanese Pear G 2.75

A Japanese sand pear. Fruit is small and heavily russeted. Foliage is large and handsome, being a dark green.

PYRUS kawakami - Evergreen Pear G 1.25 2.75

Small to medium fast growing evergreen tree with shiny dark green leaves. Showy masses of fragrant white flowers give added appeal to this tree.

5 Gallon Standard - 3.50

Espalier - 6.00

QUERCUS agrifolia - Coast Live Oak S85 3.00

Medium size, round-headed evergreen tree with dense, roundish, holly-like, deep green leaves.

QUERCUS borealis - Northern Red Oak S 2.75

Deciduous, hardy, fast growing large tree with spreading branches and green, deeply lobed, large leaves which turn to reds and browns in fall.

QUERCUS coccinea - Scarlet Oak S 2.75

Large deciduous tree of irregular habit with bright green deeply lobed large leaves which turn scarlet red in fall and winter.

QUERCUS ilex - Holly Oak S85 3.25

Round head, moderate growing, evergreen tree of medium height with clean, glossy, holly-like spiny leaves.

QUERCUS lobata - Valley Oak S..... .75 2.75

Large, graceful, deciduous tree with thick ashy bark. Deeply lobed leaves are dark green above and paler beneath.

QUERCUS palustris - Pin Oak S..... .75 2.75

Long lived, deciduous, large tree of slender pyramidal habit with large, glossy, dark green leaves that are deeply cut into spire-pointed lobes. The leaves are colorful in fall and are persistent till spring.

QUERCUS suber - Cork Oak S..... .85 3.25

Slow growing, spreading, tree of medium height with thick corky bark. Ovate toothed leaves are shiny, dark green above, and grey beneath.

RAPHIOLEPIS Coates Crimson (P.P. 1138) G..... 1.35 3.50

Slow growing, small, spreading shrub of compact habit with shiny leaves that change from dark to light green and even crimson when young. Crimson pink flowers from February through May. Evergreen.

RAPHIOLEPIS indica rosea - Indian Hawthorne C..... .65 2.50

Popular slow growing, wide spreading small shrub with light, changing to dark, green shiny leaves; clusters of light pink flowers February to May.

RAPHIOLEPIS indica rosea - Springtime (TMR) C..... 1.25 3.25

Moderately fast growing shrub with green leathery leaves and apple-blossom pink flowers in spring.

RAPHIOLEPIS ovata - Round Leaf Hawthorne S..... .65 2.50

Slow growing, compact shrub of medium height with oval dark green leaves and white flowers in spring.

RHAMNUS alaternus - Italian Buckthorn C..... .75 2.75

A large shrub or small tree with very dark green small leaves. Grows well in dry adverse conditions.

5 Gallon Standard - 3.50

RHAMNUS alaternus variegated - Italian Buckthorn C..... .75 3.00

Upright tall vigorous growing, evergreen shrub with oval, glossy green leaves edged with white. Tiny yellow flowers in clusters followed by small bluish-black fruit.

RHODODENDRON

Ask for prices and descriptions of varieties.

RHYNCHOSPERMUM jasminoides - Star Jasmine C..... .60 2.00

Familiar evergreen vine or bush with gleaming dark green leaves. Fragrant white clusters of flowers bloom during spring and summer. Excellent as ground cover.

Staked -75 2.50

Espalier - 5.00

RHYNCHOSPERMUM asiaticum - Yellow Star Jasmine C..... .75

Spreading vine with small round dark green leaves and pale yellow flowers.

1 Gal. 5 Gal.

ROBINIA decaisneana – Pink Flowering Locust G 2.50

Rather spreading, deciduous tree of medium height with leaves made up of 7-19 soft green leaflets. Sweet pea like fragrant pink flowers in May.

ROBINIA pseudoacacia – Black Locust S 2.50

Large deciduous tree with glabrous leaflets. The branches are prickly, blooms with fragrant white flowers in spring.

ROSE – Pauls Scarlet C65 2.50

Highly rated climbing rose of medium height with beautiful fragrant scarlet roses blooming profusely in spring.

ROSMARINUS officinalis – Common Rosemary C65

Upright growing small picturesque shrub with narrow, aromatic, glossy green leaves and clusters of blue flowers in winter and spring.

ROSMARINUS prostratus – Dwarf Rosemary C55

Low, spreading plant with dark green narrow aromatic leaves and attractive blue flowers. Excellent as a ground cover or small shrub.

SALIX babylonica – Weeping Willow C65 2.50

Medium sized tree with long graceful drooping branches and long, narrow bright green leaves.

SARCOCOCCA ruscifolia – Fragrant Sarcococca C65 2.25

Small, slow growing, evergreen shrub with waxy, ovate, dark green leaves and fragrant small white flowers from January to March. Likes shade.

SARCOCOCCA saligna C65

Small evergreen shrub with long, narrow, pointed, waxy, light green leaves.

SAXIFRAGA rubicunda (Bergenia cordifolia) – Saxifrage D65

Small evergreen perennial with large glossy green leaves in rosettes with pink flowers on stalks in spring.

SCHINUS molle – California Pepper Tree S 2.75

Fast growing tree with spread equal to height. Gracefully drooping branches and bright green compound leaves. Rose colored berries in fall and winter.

SCHINUS terebinthifolius – Brazilian Pepper S 2.75

Moderate growth with stiff, irregular branch arrangement. Dark green leaves and bright red berries. Shiny, dark, glossy green leaves are compound.

SEAFORTHIA elegans – King Palm S 1.00 3.75

Interesting palm with a single trunk with arching fronds and elegant bright green leaves. Excellent for tub plantings.

SEQUOIA gigantea – Big Tree, Giant Sequoia S..... .65 2.75

When young, perfectly shaped dense pyramidal tree with dense grey-green foliage. With maturity, the tree becomes more open and sparse.

SEQUOIA sempervirens – Coast Redwood S..... .65 2.75

A large native tree of California that grows fast. Dark green needle-like leaves and deep red rough bark make this an attractive tree.

SKIMMIA japonica – Japanese Skimmia C..... .85 3.25

One of the most useful shrubs for shade with glossy rich green leaves. Both male and female necessary for berry production. Small to medium height.

SOLLYA heterophylla – Australian Bluebell Creeper S.... .70

Vine or shrub with pale green, dainty, glossy leaves on delicate twining stems. Masses of brilliant blue bell shaped flowers in warm months.

SORBUS aucuparia – European Mountain Ash G..... 3.00

Deciduous tree of moderate to fast growth with sharply ascending branches carrying grey-green leaves. Profuse clusters of white flowers followed by bright orange berries.

SPIRAEA Anthony Waterer – Dwarf Pink Bridal Wreath C .65 2.50

A dense, stiff, rounded shrub of small height with rosy red flowers in flat-topped clusters. Blooms late spring through summer and fall.

SPIRAEA prunifolia plena – Shoe Button Spirea C..... .60 2.25

Graceful shrub growing to a medium height and spreading as wide. Small, dark, green leaves turn a rich red in the fall. Small, double, white flowers appear along the stems in the early spring.

SPIRAEA reevesiana – Reeves Double Bridal Wreath C.. .60 2.25

Tall growing shrub with bluish-green smooth leaves and masses of double white flowers that bloom in the spring.

SPIRAEA vanhouttei – Bridal Wreath C60 2.25

Most commonly planted shrub of this variety with upright, spreading growth of medium height and long, arching branches. Showy, snow-white single flowers in rounded clusters appear in spring.

STRELITZIA reginae – Bird of Paradise S..... 1.00 4.00

Medium evergreen trunkless perennial with grey-green leaves. Spectacular orange-blue bird-like flowers on long stems bloom throughout the year.

STRELITZIA nicolai – Giant Bird of Paradise S..... 1.00 4.00

Tree-like, many stalked perennial of large height. Grey-green banana-like leaves, white flowers with blue tongue that resembles a tropical bird.

SYRINGA persica - Persian Lilac C60 2.25

Medium shrub with graceful loose form and pointed leaves. Clusters of pale violet flowers bloom in May. Deciduous.

TAMARIX hispida - Pink Tamarisk C60 2.25

Spreading, feathery, large shrub with very small, pale blue-green leaves. Has masses of tiny pink flowers during summer. This shrub is highly adaptable.

TAXUS baccata - English Yew C 1.00 3.50

Medium sized evergreen with wide-spreading branches. Needles are very dark green above and paler underneath. Much valued in cold climates.

TAXUS baccata fastigiata - Irish Yew C 1.00 3.50

Stiffly upright, useful where space is limited or in formal gardens. Leaves are very dark green, and clean looking.

TAXUS cuspidata - Japanese Yew C 1.00 3.50

A valuable garden evergreen of medium height with leaves that form a trough along the stem. Hardy.

TERNSTROEMIA japonica S85 3.00

Elegant evergreen shrub of medium height with handsome, dark green to bronze leaves that are highly valued for their glossy, polished appearance. Excellent in shady locations.

TECOMA capensis - Cape Honeysuckle C65 2.50

A hardy evergreen vine or pillar shrub with dark and glistening green pinnate leaves. Brilliant orange-red tubular blossoms from October through winter.

TEUCRIUM fruticans - Bush Germander C65

Silver-stemmed loose shrub of medium height with ovate leaves grey-green above and silver-white beneath. Flowers bloom most of the year and are lavender-blue.

**THUJA occidentalis pyramidalis - American
Pyramidal Arborvitae C**65 2.50

Large, narrow, compact shrub that is very fast growing. Deep green foliage that turns reddish brown in the winter. Impressive when planted in groups.

THUJA occidentalis woodwardii C65 2.50

A large variety of Thuja with medium green foliage turning shades of brown in the winter. The shape of this plant is spreading and globular in form.

**THUJA orientalis aurea nana - Berckmann's
Golden Arborvitae C**65 2.50

Popular, compact, rounded pyramidal conifer of medium height with handsome bright golden foliage.

THUJA orientalis aurea nana - Raffels C 1.00

Very compact dwarf form of T. o. aurea nana with rich golden foliage.

THUJA orientalis bakeri – Baker Arborvitae C65 2.50

Compact evergreen of pyramidal habit with beautiful rich green foliage.

THUJA orientalis beverlyensis – Golden.....
Pyramid Arborvitae C65 2.50

Large upright shrub of open form. A valuable accent plant because of its colorful golden foliage.

THUJA orientalis – Blue Cone C65 2.50

Compact, upright conifer of pyramidal habit with deep greenish-blue foliage.

THUJOPSIS dolabrata – Hiba Arborvitae C65

Hardy shrub or small tree with spreading branches. Branchettes are flattened and frond-like. Good rock garden shrub.

ULMUS pumila – Siberian Elm S 2.50

Deciduous fast growing tree which is extremely hardy and tough and will take all extremes.

ULMUS sempervirens – Evergreen Elm C 2.75

Small evergreen tree with graceful pendulous branches covered with deep green, small leaves.

ULMUS sempervirens – Drake Elm C 2.75

Tall evergreen tree with branches that tend to grow upright in form. Leaves are small and very attractive in appearance.

VERONICA buxifolia – Boxleaf Hebe C70

Small evergreen shrub with small green leaves. White flowers appear in May and June. Beautiful foliage.

VERONICA menziesi C75

Dwarf evergreen shrub of compact growth with small dark green leaves. White flowers in summer months.

VIBURNUM burkwoodii – Burkwood Viburnum C70 2.50

Hybrid deciduous shrub of medium height with dark green leaves, and clusters of white flowers bloom from February to April.

VIBURNUM davidii – David Viburnum C75 2.75

Small evergreen shrub with large leaves that are dark green and deeply veined. Metallic, turquoise-blue berries give this plant added appeal.

VIBURNUM odoratissimum – Sweet Viburnum C65 2.25

Large evergreen shrub with handsome, dark green, ovate leaves. Fragrant white flowers appear in late spring and early summer. Berries are first red then black.

VIBURNUM opulus sterile – Snowball C65 2.25

Deciduous, tall shrub with green leaves which turn red in fall. Snowball-like clusters of pure white flowers appear in May and June.

VIBURNUM suspensum – Sandankwa Viburnum C60 2.25

Medium sized shrub with bright green, glossy, ovate leaves. Pink tinted clusters of white flowers appear in June and July followed by red berries turning to black.

VIBURNUM tinus – Laurestinus C60 2.25

Popular medium sized evergreen shrub with dark green, oblong leaves. White or pinkish flowers in flattish clusters bloom in fall, winter, and spring. Berries are black or deep blue.

VIBURNUM tinus robustum – Roundleaf Viburnum C60 2.25

Popular evergreen shrub with large leaves and white or pinkish flowers. Good background shrub or informal hedge.

WASHINGTONIA Robusta – Mexican Fan Palm S65 2.50

Large palm with large fan-like green fronds. Excellent for larger gardens, streets, and avenues. Very tropical in appearance.

WEIGELA florida rubra – Red Weigela C60 2.25

Dark green deciduous shrub producing masses of red flowers in spring.

WEIGELA florida rosea – Pink Weigela C60 2.25

Fast growing deciduous shrub of medium to large height with dark green leaves. Pinkish funnel-shaped flowers open in May and June.

WEIGELA florida rosea variegata – Variegated Weigela C60 2.25

Variegated white and green foliage with pink flowers in spring. Deciduous.

WISTERIA sinensis – Chinese Everblooming Wisteria C 1.00 3.75

Popular twining deciduous vine with slightly fragrant violet-blue hanging clustered flowers. Leaves made up of 7 to 13 light green leaflets.

XYLOSMA senticosa – Shiny Xylosma C65 2.50

Popular tolerant evergreen shrub of medium height with lustrous, yellow-green foliage. Excellent for landscaping. New growth is tinted red.

YUCCA filamentosa – Adam's Needle S80 2.75

Perennial plant of medium height with sword-like grey-green leaves. White bell-like flowers in early summer.

ZELKOVA serrata – Sawleaf Zelkova S65 2.75

Popular, deciduous tree of medium to large height. Dark green, sawtooth-edged leaves turn red in autumn. Excellent shade tree for all areas.

ZIZYPHUS jujuba – Chinese Jujube S G 3.50

Deciduous, small, hardy tree with oblong, shiny, green leaves. Small brown edible fruits.

NOTES:
